Upgrade

Are you aware that you can apply life experience and/or credit hours received from other colleges to upgrade your education to a higher level? This applies for the Associate through Doctorate levels.

At your request, an Associate from Ministry International Institute will review your previous transcripts to see if you qualify to advance your diploma to the next level. If we find that you do not have enough credit hours in previous transcripts we may then ask you to complete a form detailing your life experience in which you have the ability to receive up to 30 additional credit hours.

This is a great way to save money and speed up the process of reaching your goals!
