

Isaiah 43:19

See, I am doing a new thing! Now it springs up; do you not perceive it?

I am making a way in the wilderness and streams in the wasteland.

Letter from the CEO, Dr. Tony Slay

The Seed Is Coming Up!

Many years ago, I asked God what I was. He stunned me with his answer. He said to me, “Tony, you are a seed.” In Galatians 3 we see that Jesus is the Seed; however, we also are the seed because we are one with him through faith in Jesus Christ. **From that time, I quit trying to operate in this gifting or that gifting and decided to just let God use me in the way he wanted.**

Through the years I’ve realized that He has sown me as a seed to the nations. As I travel the world with the good news of the Kingdom of God and it’s King, Jesus Christ, the seed has been sown through lifestyle, preaching, teaching, ministry and our Ministry International Institute. **This has not been a struggle, but rather a joy to be sown and to live supernatural experiences that you can’t even write about.**

A few months ago God spoke to me and said, **“The seed is coming up.”** How exciting! After receiving this Rhema Word we began hearing more and more of the impact of the seed. God has done exceedingly and abundantly above all I can think or imagine.

I’m writing this to encourage you to quit trying so hard, just be. God will take you by the wind of his Spirit and sow you to the world. There is only one seed in the earth, Jesus Christ. He is the head of the body, the Church.

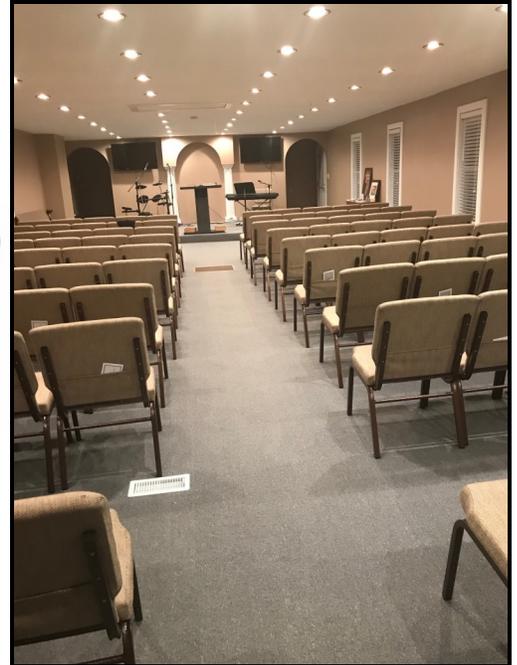

MII Headquarters Make Over!

Wow, 2018 has been a big year preparing to equip even more ministers at our MII Oasis headquarters.

We are excited over the remodel of our offices located in Clinton, Tennessee. We now have more room for ministers to come and be trained and equipped for the work of the ministry. With plenty of office space and a Training Center that seats one hundred people, we can move forward to see our home region transformed through the Ministry International Institute and the Oasis, our local Ministry to Ministers.

The men and women of our MII Institute and Training Center stepped up and made it happen. We'd like to invite you to visit, and take part as God take the ministers of our region to a new level of Spirit and Truth.

Our address is 220 HiWay Dr, Clinton, Tennessee 37716.
Services held Sunday evenings at 6:00 p.m.

First MII Graduation at Newly Renovated Headquarters

Thousands have gone through the Ministry International Institute all over the world; however, our MII Headquarters, "The Oasis" is excited about graduating the first Associates through Doctorate Program held at our newly renovated Clinton, TN location. Sunday, January 20th at 6:00 p.m., we will be graduating students that earned their Associates, Bachelors, Masters or Doctorate.

MII has developed a new Bachelor course that has been approved and backed by our Accreditation. We are allowing this course to be taught in local churches with the focus being on the Word of God and sermon development. It is a powerful course that will accelerate you in the things of God.

We are gearing up to offer new classes in January. If you have ever taught and/or graduated our Associate program, there's more! Call us at 865-938-5544 or e-mail mail@miiedu.com for more information.

God Connections

It all started with a King of a Jewish tribe that the church world has known as Manasseh. Manasseh, now known as the Maasai Tribe, was connected with MII through one of our Bishop's during a missionary journey. The leader of the Maasai Tribe, King Josiah, was elected for 4 four-year terms (a total of 16 years); however, he has recently stepped down from this position due to the death of his son, Stephen.

A little more than 10 years ago Ministry International Institute was offered to the King. King Josiah Muesha had our course translated into their language and used our program to train ministers to carry the good news of the Kingdom of God and Jesus Christ to his great people. This

was very successful and King Josiah became our MII Bishop to his people.

Continued...

God Connections Continued

One day I was in Ohio and the King sent me a message and said, “I need to see my Bishop.” I came home, packed and bought a ticket flying out that next day. When I arrived, I was met by he and his son, Stephen, who had a business degree from Switzerland. Making a very long story short, they honored me by making me an Elder in the tribe and allowed me to bring vision and a plan to establish the Maasai economy. I shared the vision and how to bring it forth with King Josiah and Stephen. Stephen took the ball and ran with it. People in the USA generously sowed into the vision. Having just returned from doing a leadership conference in Africa I can tell you their economy is booming! Before Stephen went home to be with the Lord he offered to buy me a plane ticket to come and see.

I was amazed to see the pastors and ministers wearing tailor made suits and receiving reports of graduates from Ministry International Institute pastoring churches all over Tanzania, Kenya and throughout Maasai Land. Former King Josiah’s total focus as a MII Bishop is establishing MII Schools and credentialing ministers to not only reach the Maasai people, but all of Africa. Did you know you are part of a tribe of Israel’s success? We are all blessed!

Missionary Highlight!

Did you know we have ministers and MII graduates that minister in Africa? Apostle Jerry Upton ministers to Ghana, Africa establishing schools and building churches and MII Graduate, Minister Righ O’Leary, has been getting children off the streets in Ghana, Africa for more than 8 years.

I cannot tell you all these two men of God are doing but I do know that Apostle Jerry Upton has more than 30 teams trained to do missions all over the world.

Another great connection was made between Bishop Dr. Chris Waller and Dr. Paul Wandera. This young minister from Uganda kept calling Dr. Waller asking if we would let him open a MII Bible Institute. It is our policy that we do not give permission for anyone to use our curriculum unless we have a reference that is able to give us a good report on the reality and the integrity of the ministry along with the individual that would be instructing the course. However, God kept dealing with Dr. Waller about Paul Wandera and kept impressing on him to allow him to open a Ministry International Institute. The Board of MII agreed to allow Dr. Paul to open an Associate program, but he had to do all the paperwork correctly and be on time with all things. Well he did just that. Dr. Slay was there five years ago to graduate many students and saw firsthand the favor of Dr. Paul. Since that time, we made Dr. Paul our MII Bishop to Uganda and established a MII Uganda Headquarters.

The fruit of this ministry is unbelievable. Dr. Slay and the team just returned from preaching and teaching at Bishop Dr. Paul's leadership conference and graduating two Bible College campuses. We graduated 74 students in one and 43 in the other. Dr. Paul has been placing MII campuses in Kenya Uganda, along with schools and Bishops in Burundi, Sedan, Congo, and

Rwanda.

They have new laws in East Africa stating that they will not recognize a minister's credential unless they have Bible Education. **Ministry International Institute in now one of the two largest colleges in East Africa.** Our seed is coming up.

Dr. Paul, with the support of those in the USA, built a brick church but is still in need of windows and doors. He has also established an Orphanage to 65 children and a school for his community for over 200 students. They have nine qualified teachers that can teach in public schools but they volunteer to teach the children he is reaching. They have 2 water wells that supply the community. In the 5 years since we were away, they built one building (100' X 40') in brick with concrete floors and has beds for every child.

Continued...

God Connections Continued

The new brick school is almost complete (125' X 25'), and they already have most of the brick for one more building for dorms for MII students and when they host conferences.

Dr. Paul has traveled by bicycle, train and boat to expand the kingdom. I remember when he got his motorcycle! Now by the grace of God he has a great travel vehicle.

Dr. Paul has helped other organizations and they have helped him. Many here in the USA watched a video interview I did with him 5 years ago and have helped him financially purchase land, build buildings, travel and teach and raise the children. **Thank you for giving to the Kingdom of God!**

Dr. Paul is a man of great integrity and you have empowered him to bring the gospel to all of Africa. **That is why we are establishing MII (Ministry International Industry) Manifesting Kingdom Economy Worldwide.** Yes, it has already begun. We are going to teach the people how to fish instead of giving them a fish. We know that mission support must continue until we get them able to take care of themselves, but we believe we can get them there in one year. Think about it, every dollar goes to set up businesses. Many of these businesses will start with a vocational school where they will teach welding, small engine repair, sewing, making uniforms for the children and other schools. While they are training and charging lower fees, the monies will go to take care of the children and the expansion of the ministry. God is Good. We shared this vision with Dr. Paul's church and asked the people how many would like to have their own businesses. They all raised their hand and then they celebrated.

Continued....

How would you like to teach men and women to fish? They live off less than a dollar a day. That's why what has been done is such a miracle. **For \$25.00 you can set up a business that will go on and on and on.** We can purchase welding machine and supplies along with mechanic supplies for about \$700.00 USD each. They know the trades and can teach others, they just need the tools to begin. They will make doors and windows and they will be able to repair motorcycles, which would be a huge income to them.

If you'd like to help, click on the "Donate" button to the right to sow your seed. The faster the better! Soon, MII will be impacting East Africa in all forms.

Testimonial—Dr. Priscilla Howe

My husband, Doug, and I met Dr. Tony in a home meeting in Oxford Georgia Dec. 16, 2005. A friend insisted the hour and a half drive would be worth it, so off we went, never dreaming how that night would change our lives.

Doug would often say he wanted to use our home for the Lord. We had Dr. Tony's business card and gave him a call. He agreed to come, and our first home meeting took place in 2006. We have enjoyed having his ministry and his family in our home through the years.

I did not go into the teaching profession although my Grandmother was a school principle and my Mother, a teacher. So, when I was given the privilege of teaching years one and two of Ministry International Institute beginning in 2008 I felt like I was carrying on the family role. I continued to teach through 2014. After a four year break a new group of folks wanted to take the college, so Doug and I opened another first year this year, 2018. We have a wonderful group of students and look forward to our class each week.

My whole life I knew there was "something" I was suppose to do, but never knew what that "something" was. I now know I have stepped into my life's purpose and teaching is a big part of that purpose. Thank you MII.

Notify your friends that they can sign up for this MII newsletter. We look forward to keeping them informed on some of the exciting events including graduations, conferences, ministries, and activities around the world.

IT'S EASY, just tell them to go to the MII website at: www.ministryinternational.tv where they will provide their name and e-mail address.

They broke
bread in their
homes and ate
together with
glad and
sincere hearts.
